

How to get on and off the bus

1 Check the destination

The bus number and destination are displayed on the front and back of the bus, as well as beside the entrance.

Not all the bus stops are necessarily displayed so if you are unsure, please ask the driver.

You can find all of the routes from different bus companies in the city on the Kyushu Bus Timetable website.

(QR codes for the companies' websites are in this pamphlet)

2 How to get on

Get on the bus from the back and off from the front where you can pay. However, if the bus only has a door at the front, you will both get on and off through it.

IC card user

Tap your card firmly on the card reader next to the door. (you do not need to take a ticket)

Moving around while the bus is in motion is dangerous.

Please get change or top up your IC card only when bus is stopped.

Non IC card user (cash, etc)

Take a boarding ticket from the machine next to the door.

If you have a One Coin Silver Pass, you do not need a ticket except for on Showa Bus.

3 Confirming your fare

The next stop and fares are displayed on a screen in the front of the bus.

The fare beneath the number that is on your ticket is what you need to pay.
